Are you going to Peru and want travel cheap & free on a bike? There is nothing like this freedom stopping and seeing all the small places—or go on without waiting 2h for

a bus. You can sell it easy&legal to local people (impossible with a Colombian bike). For a bus to Amazonas they asked for 25\$, I paid as little as 3\$ for petrol. Model: Sumo Torque 250, full papers and insurance -> no problem 😊👍 +-950\$
